201500315

To whom it may concern,

I am writing to voice my total displeasure with the conditions of the streets and roads around the Cincinnati area. This is not merely the occasional weather related cracks and wear that is bound to occur. This is the systemic failure of township, city, and county government bureaucrats who are more concerned with building a street car, than tending to the basic upkeep of existing roads. I am a tax payer, and I am wondering why working class tax payers, who need to get to work, everyday constantly have to deal with excuses and the pet projects of career politicians. I was born in Cincinnati in 1971, and it has been this way for my entire life. Promises that are never kept, money that is wasted, and pet projects that always seem to find funding. I-75 has been an on-going work in progress for over 50 years, and yet, no one can seem to agree on a time frame. That's a lot of failure! I pay taxes so that you provide infrastructure, not quant eye candy for tourism. I am sick of entire lengths of road that need to be replaced, not to mention you are allowing 2 x 2 foot potholes to go untouched for days or weeks at a time.

P.S. – Here is a short list.

Nebraska Ave.
Covedale Ave.
Rapid Run
Boudinot Ave.
Queen City Ave.
Glenway Ave.
Warsaw Ave.
Crookshank Rd.
Neeb Rd.
Mehring Way.
I-71 south of Norwood. (N & S bound lanes)
I-75
Route 50 (east and west)
Delhi Rd.
Madison Rd.

#2

Sincerely,

Jeffrey S. Karpe –
Tax payer and Cincinnati resident.
